# Celebrating 110 Years of Service

Our Library has transformed over the last 110 years—from an era of card catalogs and 16mm film collections to the contemporary age of technology, downloadable media and a meeting place of the minds. We thank you for supporting Licking County Library and invite you to embark on the next century with us!

Dear Community,

Licking County Library (LCL) is committed to serving our community of lifelong learners. We reach all corners of our service area by providing free cutting-edge materials, dynamic programming and learning tools to help people in all stages of life.

I am very thankful that Licking County residents have been so supportive of their Library over the years. With your support, we have been able to actively engage those in our community

while fostering meaningful relationships that begin during the early stages of literacy. Reinventing ourselves as a relevant and innovative resource is something we work toward on a daily basis.

LCL has positioned itself as a community hub—which I feel is naturally fitting. Listening to the abundance of success stories that our patrons share help ignite our passions to touch even more lives with our services. That is why I'm extremely proud to announce The Licking County Library Fund.

This fund was established in honor of long-serving Trustee Marty Morrison. Marty recently stepped down from our Board of Trustees after nearly 20 years of service. As a child visiting the one-room Hebron Library, her love for libraries grew exponentially. Over the years she has helped oversee the building of a new Main Library, renovation of the Emerson R. Miller branch, and has used her experience to make sure the Library remained fiscally sound.

Marty's kindness and support welcoming me as a new Director in 2010 knew no bounds. I have always respected her openness and confidence and have learned a lot from her. Above all else, Marty was an advocate for our staff and an avid user of all of our locations.

Creating this legacy in Marty's name is a wonderful tribute that acknowledges her support and sincere passion for Licking County Library. I invite you to consider donating to this fund—make a gift to honor or celebrate someone you know who was touched by our Library. Your gift will continue exemplary service to this community for generations to come and it is tax deductible. This fund is held and managed by the Licking County Foundation. Donations can be made directly by visiting their website at [www.thelcfoundation.org](http://www.thelcfoundation.org) and clicking on "Donate."

Southgate Corporation valued Marty's knowledge and hard-working spirit so much that they knew this would be the ultimate gift to honor her dedication to over fifty years of service to them as well as her passion for public libraries. I cannot thank them enough for their generous gift to establish this fund, nor can I begin to express my sincere appreciation for all the time and expertise Marty has shared with me and the Library.

I hope to have a conversation with you about how you can be a part of the Licking County Library legacy. Please send me an email at [bwofter@lickingcountylibrary.info](mailto:bwofter@lickingcountylibrary.info), call 740.349.5503 or stop in the Main Library and see me.

Sincerely,  
Babette Wofter  
Director of The Licking County Library

# Your Summer at the Library Preview!

MARISA GLAVIANO, YOUTH SERVICES COORDINATOR

The warm weather of summer is fast approaching, but with it comes a topic of concern for many parents and educators: the dreaded Summer Slide.

- Each summer, without intervention, the average kid experiences just over two and a half months of math learning loss and two months of reading learning loss.
- On average, teachers report that six weeks in the fall are spent re-learning old material to make up for summer learning loss.
- Summer learning loss can be recognized as early as grade 1.
- By the end of 6th grade, students who have experienced regular summer reading loss are an average of two years behind their peers.
- It can take up to two months from the start of school for a child's brain development to get back on track.

The good news is you CAN prevent the summer slide. Experts agree that two to three hours per week of educational activities can greatly reduce or eliminate the summer slide. And that doesn't mean boring worksheets and textbooks or expensive tutors and summer camps. Licking County Library has fun, educational and FREE programming for kids of all ages to help continue your child's growth.

The Summer Library Program will have your kids moving and grooving to the rockin' beats of local musicians, digging for gems and fossils, and playing with their favorite characters in interactive storytelling sessions. Your kids won't even know that important math and literacy skills are being reinforced at the same time.

Make sure to grab a Summer Library Program booklet and mark all your *must attend* programs—then head to one of our eight locations this summer!

## JIM GILL CONCERT

**June 1 | 4pm | Main Library**

Get ready to sing, clap, dance and even sneeze as Jim strums energetic rhythms on his banjo to the silly and inspiring musical games that he creates. Come see this award-winning musician and author during Licking County Library's Summer Library Program kick-off.

# Forgotten Stories

DOUG STOUT, VETERAN'S PROJECT COORDINATOR

*Edgar Gray Swingle  
Wittenberg College class photo 1917*

Edgar "Gray" Swingle was born in Hicksville, Ohio, on July 27, 1894. He moved with his parents and younger brother and sister to 30 West North Street in Newark sometime before 1910, when his father started a job at Munson Music Company in the Arcade.

Swingle was the president of the 1913 Newark High School senior class and an outstanding student, debater and musician. After high school, he attended Wittenberg University, graduating in 1917. On May 13 of that same year, Swingle enlisted in the Army. Advancing quickly to the rank of Sergeant, he was assigned to Company B of the Sixth Engineers. Swingle and the Sixth Engineers sailed for Europe in December of 1917—they were some of the first Americans to enter World War I.

World War I was fought with trench warfare. Opposing forces led raids at night across the ground between them to ascertain information, capture prisoners or just wreak some havoc on the enemy. Swingle and his men were in the trenches of the Somme area of France when he led a patrol about midnight on March 27, 1918.

Wagoneer Carl Duncan recorded the events: "The patrol was about 50 yards from the German lines when Swingle heard a noise and challenged with a 'who is there?' Receiving no answer, he approached the area. Almost immediately, machine gun fire erupted from the enemy and Gray was shot down. His men fled back to his lines and reported him missing and probably captured. When the fog lifted in the morning, Captain Harris spotted Swingle about six hundred yards from our own lines and fifty yards from the German line attempting to crawl back to the trenches. Captain Harris asked for volunteers to go get Swingle, and Duncan and Frank Goldcamp volunteered to go out and assist him. When Swingle's rescuers got to him, he asked, 'Why didn't you bring a stretcher? How do you expect to take me in?' Swingle had been shot in both thighs. His rescuers' responded, 'We'll get you in, Sergeant, if you can stand it.' Swingle gritted his teeth and said, 'I'll stand it. You boys should never have come after me.' Dragging him by his arms, they had advanced about fifteen yards when German rifles again opened fire."

Goldcamp was killed, Duncan was wounded and Swingle was wounded again. Playing possum, Swingle and his rescuer laid still, waiting for the firing to cease. "He seemed to feel so badly about Goldcamp and me," Duncan wrote. "He said 'you boys should never have come out after me.'"

Duncan and Swingle knew that another rescue party wouldn't be sent until after dark, which led Swingle to remark, "...if they don't come before dark, I will be frozen to death." Two hours passed; Duncan, deciding it was better to be shot than freeze to death, got to his feet and sprinted for the line, severely wounded but alive. Later, a doctor crawled out to Swingle, but found him dead.

Edgar Gray Swingle is buried in the Somme American Cemetery in France. His parents also placed a marker for him at Cedar Hill Cemetery. He was awarded the Distinguished Service Cross for his heroism, which his family donated to his Alma Mater, Newark High School. Unfortunately the medal was lost when the original high school was torn down in the 1960s.

# In The Company of Heroes

*In the Company of Heroes* is a Licking County Library veteran project that seeks to gather, preserve and make accessible the experiences of all Licking County veterans. The database includes veterans who served in any branch of the armed forces, from the Revolution to the present day, during peacetime or times of war.

Visit [lickingcountylibrary.info](http://lickingcountylibrary.info) to browse the stories of those veterans who lived in Licking County. Access a unique database of materials including photographs, copies of service records, letters, diaries, videos and audio recordings.

LCL's *In the Company of Heroes* project is committed to preserving the experiences of our veterans so that all generations can learn, understand and recognize the sacrifices made by these men and women for our country.

Licking County Library is actively looking to add to the project database. Contact Doug Stout, Veterans Project Coordinator, at [dstout@lickingcountylibrary.info](mailto:dstout@lickingcountylibrary.info) or 740.349.5571 to learn how to contribute to the remembrance of our veterans.

## Honoring Our Military

Each May, the United States celebrates Memorial Day, a holiday dedicated to honoring those who have died serving our great nation. President Ronald Reagan said it best in his speech at Arlington National Cemetery in 1986: "Today is the day we put aside to remember fallen heroes and to pray that no heroes will ever have to die for us again. It's a day of thanks for the valor of others, a day to remember the splendor of America and those of her children who rest in this cemetery..." This month, the Licking County Library invites our community to praise and commemorate the loved ones we have lost and those who have fought and are still fighting for our freedom.

### Honor Our Veterans

MAY 12 | 12PM | FAMILY | HEBRON BRANCH

Local veteran Arlin Hill presents "*Continuing to Serve*" where he touches on his family's legacy of military service and his career in state government which stretched 22 years after his separation from the Air Force. Talented musician Joanie Calem will set the mood with patriotic music for those in our community who attend.

### Celebrating Veterans of Licking County

MAY 19 | 12PM | FAMILY | BUCKEYE LAKE BRANCH

MAY 22 | 7PM | FAMILY | MARY E. BABCOCK BRANCH (JOHNSTOWN)

Join Doug Stout, LCL's Veterans Project Coordinator, as he presents the stories of some of our local heroes from the Revolutionary War through the Vietnam War.

### War Books Display

MAY 1 - 31 | HERVEY MEMORIAL BRANCH (UTICA)

Browse a thoughtfully designed book display on the subject of war. Forms for LCL's *In The Company of Heroes Project* are available for patrons to complete—fill out and return a form and you'll receive a candy bar in appreciation.

### Veterans Display

MAY 1 - 31 | EMERSON R. MILLER BRANCH (WEST NEWARK)

Visit during the month of May to see our celebratory veteran's display. Miniature American flags are given to all veterans who visit the library (*while supplies last*).
