Scheduled Stops

## LCL's Mobile Library

Did you know Licking County is the third largest county in Ohio by area? It is 687 square miles with a population of close to 180,000 people. While there are certain sections of the county that have independent libraries, most of our county is serviced by Licking County Library (LCL). With six physical locations, a majority of our residents have a building to visit. However, there are plenty of neighborhoods and rural areas where getting to a Library is difficult for residents. That is why Licking County has had a bookmobile since 1935—nearly 90 years of mobile service to our community!

When LCL rebounded from the pandemic in 2020, it was apparent to our Library administration and Trustees that providing access to our rural areas and schools was more important than ever. Realizing the bookmobile that we had in use was reaching 20 years old, they put the creation of a new vehicle into motion. Fast forward two years and the time has come for us to hit the road.

We are thrilled to introduce you to Licking County's Mobile Library. This vehicle is more than a bookmobile, it is a library on wheels! It is our seventh library location—one that can meet you where you are.

Offering ADA-accessible space, 162 feet of shelving for over 2,500 books, magazine, movies, music and video games, the Mobile Library is ready to hit the road to delight children and adults alike. Have your holds delivered right to your stop, access Wi-Fi for free, use our friendly staff for reader's advisory and so much more! We'll be at community centers, parks, neighborhoods, schools and social events waiting to greet you with a smile. We invite you to come aboard for adventure at every turn!
