Through a wide range of engaging topics, Licking County Library strives to support healthy aging, personal development and maintaining social connections. From the comfort of your home, attend live interactive sessions on Zoom while connecting with instructors and fellow learners. New to Zoom? Library staff are available for one-on-one, in-person sessions to help get you ready for your favorite Empowered Minds class. Call our dedicated and friendly Techsperts with any Zoom questions, or reserve a personal learning session, at 740.349.5509.

As 2021 progresses, our goal is for classes to be held in-person at three of our Licking County Library locations: Downtown Newark, Hebron and Johnstown (Mary E. Babcock). Join us as we embark on an enriching journey through 2021...and beyond. Learning should be an ongoing endeavor in each of our lives, as we seek out new personal adventures and tap into our creativity. ● **Homo erectus: A Human Ancestor Unlike Any Other • May 6 • 2 - 3pm**

Did you know that Homo erectus was the first to disperse throughout Africa and Eurasia, even though five other species of early humans were also alive during the same era? Join Dr. Sabrina Curran as we explore what makes this human ancestor so unique—and adventurous—compared to its cousins.

● **Google Maps • May 13 • 1 - 2:30pm**

In our Techsperts Virtual Zoom classroom, we walk you through the basics of using Google Maps with your desktop/laptop computer. We show you how to access and use Google Maps to find your way around, locate sites of interest, find your parked car and more. Much of what we cover is applicable to using Google Maps on your smartphone as well.

● **Licking County's Civil War Chronicler: Major Charles Miller • May 19 • 2 - 3pm**

Major Charles Dana Miller fought with the 76th Ohio Volunteer Infantry during the Civil War, serving as a regimental administrative officer, or adjutant. When he returned to Newark after the War, he was a changed man. Miller would spend the remaining decades of his life trying to preserve the memory of Civil War veterans through his writings, woodworking and by playing a leading role in the "Great Reunion" of the Ohio Veterans of the Civil War which was held in Newark in 1878. Learn more about this remarkable Licking Countian and his legacy.

● **Top Scams Targeting Seniors • May 20 • 2 - 3pm**

Jessica Kapcar of the Better Business Bureau of Ohio provides an overview of the top scams targeting senior citizens and tips for avoiding them.

● **The Future of the Supreme Court: What Can We Expect of the Court in a New Era? • June 3 • 4 - 5pm**

With the appointments of Brett Kavanaugh in 2018 and Amy Coney Barrett in 2020, the Supreme Court's long-time narrow conservative majority has become a stronger conservative majority. The result may be a decisive change in the Court's positions on issues such as abortion, affirmative action, and government power to regulate the economy. But the extent of those changes is uncertain because the justices' votes and opinions are shaped by multiple considerations that can conflict with each other. Examination of those considerations can help in understanding the directions that the Court might take.

● **Internet Safety and You • June 8 • 1 - 2:30pm**

In this Virtual Zoom classroom, Techsperts suggest do's and don'ts for internet security. You'll be provided with guidelines for using the internet to best keep your data personal and private.

● **Poetry Writing • June 9 • 1 - 2pm**

Everyone has a poem in them. Learn the basics of writing a free verse contemporary poem in a friendly setting, one that will allow you to write a poem that takes you through the main steps of the poetic process. You do not need to be a poet nor bring a poem. Just be open to answering questions and letting your creativity flow.

● **A Long Time Ago and Far Away: Geologic History of Ohio • June 22 • 1 - 2pm**

From tropical seas and steamy swamps to glaciers a mile high, the land we call Ohio has seen many changes during the last 500 million years. Dale Gnidovec discusses what it was like in the geologic past and introduce you to some of the interesting prehistoric creatures that called Ohio home.

● **Ice Age Ohio • June 24 • 1- 2pm**

Ice Age Ohio—more than mammoths and mastodons. The glaciers had a huge effect on Ohio's landscape, filling valleys and leaving behind hills, ridges and unusual rocks. Dale Gnidovec teaches you how glaciers form and the changes they caused all over the planet. Meet some of the animals that lived in Ohio during the Ice Age and see how their remains are excavated, dated and interpreted.

● **Buckeye Book Club • July 8 • 7 - 8pm**

In partnership with the Ohioana Library, the Buckeye Book Club explores fiction works by some of the best Ohio-based authors. For the July 2021 session, the Library hosts author Bonnie Proudfoot. Bonnie discusses her debut novel *Goshen Road* (2020). *Goshen Road* has been selected for the Women's National Book Association's Great Group Reads program and is longlisted for the 2021 PEN/Hemingway Award for Best Debut Novel.

● **Book Talk with Andrew Welsh-Huggins • July 10 • 12 - 2pm**

Do you like your mysteries with a local flair and a touch of scarlet and gray? Private eye Andy Hayes, the creation of writer Andrew Welsh-Huggins, is a former Ohio State and Cleveland Browns quarterback turned investigator who chases danger around Columbus while trying to repair a battered reputation from his days as a high-flying football star. Welsh-Huggins' seventh book featuring Hayes, *An Empty Grave*, is out in June. In his talk, *From Cowtown to Crimetown*, Welsh-Huggins discusses his road to writing, tips on penning mysteries, and how he created the character of Hayes.

● **Hi-tech Icons • July 13 • 1 - 2:30pm**
